This show is a very good platform for both manufacturers and exhibitors, being an exporter we are always on a lookout for innovation in fabrics and accessories and we are very happy to see that the show has exhibitors from all over India and fulfil our need in variety.

**Zakir Hussain, President, GEAR.**

This is the first show wherein we have seen excellent amalgamation of suppliers; be it woollen fabrics, shell buttons, greige fabrics, laces, or even machinery this show has a mixture of all and serves the purpose of being a sourcing show truly in all aspects.

**Vimal Shah, MD, GoodWill Impex.**

We have received a very good response as almost all top garment exporters from Jaipur and many from the domestic side have visited the show.

**Sk Astir, Kc Astir & Co.**

I would appreciate the efforts of the organisers as the show is really good, we have got some quality suppliers and this reflects that the cluster is gaining importance as a garment hub. Almost all the exhibitors we have met here have something innovative.

**Ravi Poddar, MD, Cheer Sagar.**

We are very delighted to be part of this show, met many new clients and received a very good response, the good part is that important stakeholders from the industry came to visit the show for sourcing which helped in meeting our objectives of participating at the show. I would definitely recommend this show.

**Ravi Sachdeva from Sachdeva fabrics.**

We have been in the Jaipur market for many years and being at TAFS was a good decision as we could meet all the owners face to face and were able to understand their requirements quite well. TAFS is definitely a very good platform for both suppliers and manufacturers to be able to understand the needs and requirements in terms of innovation, cost and variety.

**Ankit Jain from Neelam Threads**

We saw a fantastic mix of manufacturers from across India, catering to diverse styles and regions. This experience has only strengthened our resolve to be at the forefront of the sustainable fabric revolution. We are dedicated to providing high-quality, eco-conscious solutions that benefit both the environment and the fashion industry.

**Shripat Jagirdar, Founder at Weaving Vibes**
